

The Alberta Public Interest Research Group

3 November 2011

Dear Edmonton Organic Growers Guild,

I am pleased to inform you that the APIRG Board of Directors completed its review of your proposal at their meeting on 31 October 2011. The Board has approved a grant for your group, Edmonton Organic Growers. The board has agreed to grant \$2500.00 for the following:

- \$ 2500.00 for a greenhouse

Due to Edmonton Organic Growers Guild renewing Working Group status in winter, EOGG is not required to attend the Fall Working Group Orientation or renew their Working Group Agreement. To renew Working Group status, EOGG are required to apply for status and additional funding in our winter funding round. If you have any questions regarding this, please contact me.

In solidarity,

Denise Ogonoski  
APIRG Working Group and Programming Coordinator
